## Preface.

THE STOCKMAN'S BRAND BOOK is dedicated to the Stockmen of the Northwest.

The livestock interests of this section have attracted to it much Capital, and many of the brightest and most energetic men of the country.

Identity of interests has called into existence many organizations for the better protection of owners against loss by theft and straying. In response to their demands the State Legislature passed a State Brand Law in 1899 the object of which is to prevent confusions in brands between the distinctly stock-raising counties, but at this time only a small per cent of the stock owners have procured a brand under the state law. Many are using brands granted under the old county law, while many have never been recorded anywhere.

Under the state law, there is no means of knowing the brands of your county without consulting the records at the State Capitol.

The estray laws of the state are slow in returning to owners of estrays evidence of their whereabouts. These facts are responsible for calling into existence this little brand book.

With the Brand Book in your pocket, you may know in a minute any branded estray, and a postal card will save days of riding and many times a valuable animal.

The cattle thief must find it hazardous to venture through the country with stolen cattle or horses, when the evidence of his guilt is in every man's pocket.

I make no apology for imperfections.

I have earnestly endeavored to get every brand in the county, and to get it recorded accurately.

The work has been done under many difficulties. When the book has shown its value as a Stock-hunter, it is hoped that a more complete edition will be possible.

THE AUTHOR.

## Some Nebraska Laws Relating to Animals.

The following laws relating to stock are selected and prepared in a condensed form with the greatest care. I have endeavored to insert those most needed by men engaged in cattle raising.

### Marks and Brands

Chap. 51. Sec. 1, Compiled Statutes 1901 provides: "Any person having cattle, hogs, sheep, horses, mules or asses shall have the right to adopt a brand or mark for the use of which he shall have the exclusive right in this state, after recording such brand or mark with the Secretary of State.

Sec. . The fee for recording such brand is one dollar and fifty cents.

Sec. 4. No person shall have or adopt a brand or mark previously recorded under this act to another person if used on the same side. Neither shall the Secretary of State record the same brand or mark to more than one person, unless for opposite sides.

Sec. 5. *Application for State brand.* See County Clerk.

Sec. 6. *Conflicting brands.* The authority of deciding all questions of confliction rests with the Secretary of State.

"No brand described as being on either side of the animal shall be accepted."

"A brand described as being on both sides may be accepted."

Sec. 7. Provides for examination of evidence of confliction by Secretary of State, and notification of parties using conflicting brands.

Sec. 8. Provides: That parties bringing into any county, stock for grazing purposes, shall

brand them with a brand that shall be a full and distinguishing mark from all other brands then recorded. Failure to comply with this section lays party liable for all resulting damages.

Sec. 9. *Brands rejected.* All brands shall be rejected that in addition to a brand recorded has any of the following: a straight bar, a quarter, half, or entire circle, or diamond, either upright or inverted, whether placed across, above, below, at either side, or encircling the main brand.

All repetitions of letters, numbers and figures on the same side of the animal previously recorded shall be rejected.

All brands known as solid brands shall be rejected. Combinations of letters, numbers or figures may be permitted, although the same may have been recorded single or together if in the judgment of the Secretary of State said combination is so different from any previous record as to constitute a new brand with no danger of infringement.

Sec. 10. In all suits at law or in equity or in any criminal proceedings, the brand shall be prima-facia evidence of ownership. Provided: That such brand shall be duly recorded as provided by law.

Sec. 11. *Violation of act.* Any person or persons who shall violate or fail to obey the provisions of this act, or shall continue the use of a brand or mark after it has been rejected by said Secretary of State, or shall continue the use of any brand or mark after said Secretary of State shall have decided that the same conflicts with a previously recorded brand or mark shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not exceeding one thousand dollars, (\$1000.00) or imprisonment in the County Jail for a term not exceeding one year or both in the discretion of the court.

## **Estray Law.**

Any person holding land in this State, by deed, title bond or lease for one or more years and being in possession thereof, may take up any estray found within his enclosed premises at any season of the year.

He may take up any estray found around his premises between the 20th day of October and the first day of April.

Any person at any time, may take up any horse, mule or ass with any portion of harness attached to them or any oxen with yoke that are believed to have estrayed.

## **Record of Description.**

Party taking up an estray shall send a description of the same to a Justice of the Peace in the precinct within forty-eight hours and said Justice of the Peace shall record the same in a book kept by him for that purpose.

If estray is not claimed within ten days thereafter party shall file the description with the County Clerk of the County. In twenty days thereafter the description shall be published in a newspaper, published within the county for five consecutive weeks. Publication fee is three dollars. If the number advertised at one time exceeds three, publisher may receive one dollar for each estray above that number.

Owner may reclaim at any time before the sale by proving property and paying costs.

## **Disposition.**

If a sheep, swine or calf under the age of one year has not been reclaimed within six months after advertising it becomes the property of the taker-up without further proceedings.

If the estray be a horse, mule, ass, bull, cow or steer over the age of two years it must be reclaimed within six months after the time it

was first advertised. If the estray is an animal over the age of one year and not over the age of two years, it must be reclaimed within six months from the time it was first advertised.

Estrays included in the two named classes not reclaimed within the specified times, taker-up shall notify the Justice of the Peace who shall appoint two disinterested appraisers, who shall appraise the stock at its true value under oath and make return of the same to said Justice.

Justice shall then appoint a time and place of sale and publish the same in a newspaper printed in the county for five weeks, and post written or printed notices in three public places in the precinct where the estray is to be sold.

If no newspaper is printed in the county, three additional notices shall be posted at the County Seat.

On the day of sale Justice shall sell to the highest bidder in cash. The proceeds after deducting costs and expenses shall be paid to the County Treasurer within ten days after sale to be placed to the credit of the General School Fund of the County, if not claimed within one year from day of sale. Sale shall take place at the residence of taker-up.

Estray must bring at least two-thirds of appraised value, or be reappraised and again offered one week later without further notice.

If appraisers think the animal will not bring more than enough to pay the expenses of sale and advertisement, sale shall be dispensed with and taker-up shall upon payment of expenses be the owner.

Fee of Appraisers .....	\$ 50
Fee of Justice .....	1 50

Sec. 14. The advertisement, the appraisal, and the service of the Justice of the Peace shall be paid by the person taking up the estray and he shall receive the same with fifty

per cent additional from the proceeds of the sale of the estray.

Parties taking up estrays are not liable for death unless it was the result of mistreatment or neglect.

No claim for damages can be maintained unless notice has been given.

If owner refuses to appoint an arbitrator and does not pay damages within forty-eight hours after having been notified in writing, taker-up should file with any Justice of the Peace said amount of damages and costs, and the animals shall be sold upon execution as required by law.

Sec. 2. "In case the parties cannot agree as to the amount of damages and cost sustained, each party may choose a man, and in case the two cannot agree they should choose a third man, who after being duly sworn for the purpose herein named, they shall proceed to assess the damages possessing for that purpose the general powers of arbitrators."

Sec. 6. The award shall be made in writing. If the award is not paid in five days it may be filed with any Justice of the Peace in the county, and shall operate as a judgment, which judgment shall act as a lien upon the stock taken up. Execution may issue upon said stock for the collection of said damages and costs.

Either party may appeal.

## Rules for measuring Hay in Stack.

We give below some rules for measuring hay in the stack. The rules are in common use but the conditions of hay are so different and the shape of stacks so varied that no rule can be relied upon as perfectly accurate.

In well settled hay 343 cu. feet will make a ton.

Prairie hay in stack is generally bought and sold when settled 425 cu. feet per ton. Unsettled prairie hay 512 cu. feet per ton.

Rule I. Divide the sum of the distance over the stack and the width by 4. Multiply this result by itself and that product by the length and divide by 343 or 425. The result is in tons and cu. feet.

Rule II. Multiply the product of the length by the breadth by  $\frac{1}{3}$  the distance over the stack and divide by 343 or 425.

Rule III. To measure round stacks. Divide the distance around the stack by 4 and the distance over by 3. This gives the square at base and height which multiplied together gives the cu. feet. Divide by 343 or 425.

## Rules for measuring Ear Corn in the Crib.

To get the number of cu. feet. Multiply the length by the breadth and that product by the height.

Rule I. Multiply the cu. ft. by 4 and divide by 9, the result is in bushels.

Rule II. Multiply the cu. ft. by  $4\frac{1}{2}$  and cut off the right hand figure, the result is in bus.

To measure wheat, shelled corn or oats in a wagon box or bin. Multiply the cu. ft. by 8 and for greater accuracy add  $\frac{1}{2}$  bu. for every 100 cu. ft.

ROOMS 138-140 NEW EXCHANGE BLDG.  
PHONE 55 SOUTH OMAHA, NEB.

We solicit your trade and assure you that whatever stock you send us will be cared for properly, sold on the the market and the proceeds remitted to you promptly as you direct. As to our responsibility, we refer by permission to the Union Stock Yards National Bank, or to the Union Stock Yards Company here.

We do a strictly commission business, selling Cattle, Hogs and Sheep consigned to us and buying on orders. We furnish any kind of stock wanted by our customers and any inquiries you make will have our prompt attention and you will be given all the information we have at hand. We treat every one alike—ON THE SQUARE—and the shipper of one car or of fifty gets just the same attention. You are cordially invited to call upon us when you are here, whether you have stock or not, and get acquainted with us and our methods of doing business. We feel sure that any one who gives us a trial will be our customer afterwards.

Our salesmen are experienced men, all having been in the stock business for years, and we risk our reputation on the assertion that there are no better anywhere. In short, we promise you PERSONAL ATTENTION to all stock consigned to us, and feel confident that we are prepared in every way to give you the best of service. WRITE US. WIRE US. SHIP US.

Yours very truly,
